Cotton T Shirts }
Cotton Bags } Students will be charged £1 for these

1 set of fabric paints
1 set of fabric pens
Self Adhesive Foam Sheets

From Centre Stock

1 set of paint brushes must be washed up after use ready for next lesson
Scissors

Instructions

Students choose what they are going to decorate. bag or t-shirt (they must pay £1 for this activity to cover the cost of the materials).

Students can either:-

- cut out foam shapes to make a block stamp see example
- use the fabric pens to decorate their items
- Paint a design freehand on the hat/bag or t-shirt.

Decorating using a foam block

To make a block stamp – cut 2x5cm squares of self adhesive foam. Stick them together. Cut out your chosen design from a square of white self adhesive foam and fix this to the one side of the block. This is your stamp.

Use a soft paintbrush spread the fabric paint onto the white foam design (avoid getting any paint on the background of the stamp).

Carefully press the painted foam stamp onto the fabric. Try not to move it so that the paint does not smudge. Carry out stamping your design onto the fabric.
